

Class 1 Curriculum & Information Letter

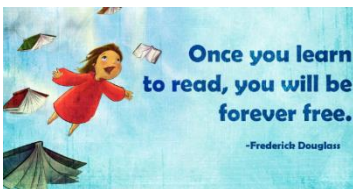

April 2026

Dear Parents/Carers,

I am very excited to welcome your child back to school and hope you all had a lovely Easter holiday. I am pleased to report that they have all settled in brilliantly, and are keen to get on with this term's learning! We Class 1 will continue with the Forest School sessions on Wednesday afternoon, taught by Miss Daniel. I will be teaching your child this term along with the support of Mrs Game, Miss Musgrove, Mrs Westcott and sometimes Miss Soper, as our Teaching Assistants.

We will be learning the following subjects over the course of Summer Term:

| | | | | | |
|---|--|---|---|--|--|
| Geography We will learn where our rubbish goes, and what recycling means. | | Music Our topic is linked to toys, and we are exploring dot notation and instruments. | | Computing We will be exploring how to write short programs using different software. We will use J2E as our main Computing tool. | |
| RE What do Christians believe is the 'good news' that Jesus brought? What happens during Rosh Hasana and Yom Kippur? | PE We will be practising multi-sports skills in Summer Term 1, before moving on to Gymnastics and a dance unit linked to the Great Fire of London. | | History <i>We are learning about the events before, during, and just after the Great Fire of London.</i> | | |
| | PSHE How do we keep safe? How do I show positive friendship skills? | Art & DT Birds (sculpture) Flora & Fauna (watercolour painting continued) | Science We will be exploring some of the plants and trees which grow around the school site and beginning to look at what plants need to grow well. | | |

Our phonics learning will continue through Read, Write, Inc. and the children will be encouraged to apply their phonics knowledge in their reading and writing. The Phonics Screener Check will be taking place during the week of Monday 8th June. Click [here](#) for more information.

In Maths, the children will be deepening their understanding of place value up to 100 as well as being introduced to multiplication and division. Every day the children will continue to participate in our Mastering Number programme which helps to develop their fluency of number facts. We will also be exploring position and direction, money (recognising coins and notes) and telling the time to the hour and half past the hour this term.

PE will continue to take place on a Monday and Wednesday. Please ensure that NAMED PE kits are in school for these days. We endeavour to take our learning outside **every day** so please ensure your child has a NAMED coat and wellies in school **at all times**.

We are very excited this term to be a part of your child's next step, preparing them for the transition to Year 2 later this year. If you have any questions or queries, please do not hesitate to contact me.

Your Sincerely,

Miss White & the Class 1 Team
